(Non-legislative acts)

REGULATIONS

COMMISSION REGULATION (EU) No 791/2012

of 23 August 2012

amending, as regards certain provisions relating to the trade in species of wild fauna and flora, Regulation (EC) No 865/2006 laying down detailed rules for the implementation of Council Regulation (EC) No 338/97

THE EUROPEAN COMMISSION,

Having regard to the Treaty on the Functioning of the European Union,

Having regard to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein ⁽¹⁾, and in particular Article 19(2), (3) and (4) thereof,

Whereas:

- (1) In order to implement certain Resolutions adopted at the 15th meeting of the Conference of the Parties to the Convention on International Trade in Endangered Species of Wild Fauna and Flora (CITES), hereinafter 'the Convention', certain provisions should be amended and further provisions should be added to Commission Regulation (EC) No 865/2006 of 4 May 2006 laying down detailed rules concerning the implementation of Council Regulation (EC) No 338/97 on the protection of species of wild fauna and flora by regulating trade therein ⁽²⁾.
- (2) Experience gained in the implementation of Regulation (EC) No 865/2006 has shown that some provisions therein should be amended in order to ensure that that Regulation is implemented in a harmonised and efficient manner within the Union.
- (3) Therefore, provisions relating to the conditions applying to the identification and marking of specimens, the retrospective issue of certain documents, the conditions under which personal ownership certificates can be issued, the regime applying to personal and household effects within the Union as well to their re-export, the conditions under which 'Annex A' specimens can be subject to commercial activities within the Union, and the conditions applying to pre-issued certificates, should be changed.
- (4) Articles 2 and 3 as well as Annexes I to VI to Regulation (EC) No 865/2006 should be deleted from that

Regulation as they will become an integral part of a new Commission Implementing Regulation (EU) No 792/2012 ⁽³⁾, adopted under Article 19(1) of Regulation (EC) No 338/97 further to the entry into force of Regulation (EU) No 182/2011 of the European Parliament and of the Council of 16 February 2011 laying down the rules and general principles concerning mechanisms for control by Member States of the Commission's exercise of implementing powers ⁽⁴⁾.

- (5) At the 15th meeting of the Conference of the Parties to the Convention, the standard references for nomenclature, to be used to indicate scientific names of species in permits and certificates, were updated. Those changes should therefore be reflected in Annex VIII to Regulation (EC) No 865/2006.
- (6) Regulation (EC) No 865/2006 should therefore be amended accordingly.
- (7) The measures provided for in this Regulation are in accordance with the opinion of the Committee on Trade in Wild Fauna and Flora,

HAS ADOPTED THIS REGULATION:

Article 1

Regulation (EC) No 865/2006 is amended as follows:

- (1) in the preamble, the sentence relating to the legal basis of Regulation (EC) No 865/2006 is replaced by the following:

'Having regard to Council Regulation (EC) No 338/97 of 9 December 1996 on the protection of species of wild fauna and flora by regulating trade therein ^(*), and in particular Article 19(2), (3) and (4) thereof,

^(*) OJ L 61, 3.3.1997, p. 1.;

⁽¹⁾ OJ L 61, 3.3.1997, p. 1.

⁽²⁾ OJ L 166, 19.6.2006, p. 1.

⁽³⁾ See page 13 of this Official Journal.

⁽⁴⁾ OJ L 55, 28.2.2011, p. 13.

(2) in Article 1, the following points (4a) and (4b) are inserted:

‘(4a) “cultivated parental stock” means the ensemble of plants grown under controlled conditions that are used for reproduction, and which must have been, to the satisfaction of the competent management authority, in consultation with a competent scientific authority of the Member State concerned:

(i) established in accordance with the provisions of CITES and relevant national laws and in a manner not detrimental to the survival of the species in the wild; and

(ii) maintained in sufficient quantities for propagation so as to minimise or eliminate the need for augmentation from the wild, with such augmentation occurring only as an exception and limited to the amount necessary to maintain the vigour and productivity of the cultivated parental stock;

(4b) “hunting trophy” means a whole animal, or a readily recognisable part or derivative of an animal, specified on any accompanying CITES permit or certificate that fulfils the following conditions:

(i) is raw, processed or manufactured;

(ii) was legally obtained by the hunter through hunting for the hunter’s personal use;

(iii) is being imported, exported or re-exported by or on behalf of the hunter, as part of the transfer from its country of origin, ultimately to the hunter’s State of usual residence;’

(3) Article 4 is amended as follows:

(a) in paragraph 1, the first sentence is replaced by the following:

‘1. Forms referred to in Article 2 of Commission Implementing Regulation (EU) No 792/2012 (*) shall be completed in typescript.

(*) OJ L 242, 7.9.2012, p. 13.’;

(b) paragraph 2 is replaced by the following:

‘2. Forms 1 to 4 of Annex I provided for in Implementing Regulation (EU) No 792/2012, forms 1 and 2 of Annex II provided for in Implementing Regulation (EU) No 792/2012, forms 1 and 2 of Annex III provided for in Implementing Regulation (EU) No 792/2012, forms 1 and 2 of Annex V provided for in Implementing Regulation (EU) No 792/2012, the continuation sheets referred to in Article 2(4) of Implementing Regulation (EU) No 792/2012 and the labels referred to in Article 2(6) of Implementing Regulation (EU) No 792/2012 may not contain any erasures or alterations, unless those erasures or alterations have

been authenticated by the stamp and signature of the issuing management authority. In the case of the import notifications as referred to in Article 2(2) of Implementing Regulation (EU) No 792/2012 and the continuation sheets referred to in Article 2(4) of Implementing Regulation (EU) No 792/2012, erasures or alterations may also be authenticated by the stamp and signature of the customs office of introduction.’;

(4) in Article 5a, the first subparagraph is replaced by the following:

‘In case of plant specimens that cease to qualify for an exemption from the provisions of the Convention or Regulation (EC) No 338/97 in accordance with the “Notes on the interpretation of Annexes A, B, C and D” in the Annex thereto, under which they were legally exported and imported, the country to be indicated in box 15 of the forms in Annexes I and III provided for in Implementing Regulation (EU) No 792/2012, box 4 of the forms in Annex II provided for in Implementing Regulation (EU) No 792/2012 and box 10 of the forms in Annex V provided for in Implementing Regulation (EU) No 792/2012 may be the country in which the specimens ceased to qualify for the exemption.’;

(5) Article 6 is replaced by the following:

‘Article 6

Annexes to forms

1. If an annex attached to any of the forms referred to in Article 2 of Implementing Regulation (EU) No 792/2012 is an integral part of that form, that fact and the number of pages shall be clearly indicated on the permit or certificate concerned and each page of the annex shall include the following:

(a) the number of the permit or certificate and its date of issue;

(b) the signature and the stamp or seal of the management authority which issued the permit or certificate.

2. Where the forms referred to in Article 2(1) of Implementing Regulation (EU) No 792/2012 are used for more than one species in a shipment, an annex shall be attached which, in addition to the information required under paragraph 1 of this Article, shall, for each species in the shipment, reproduce boxes 8 to 22 of the form concerned as well as the spaces contained in box 27 thereof for “quantity/net mass actually imported or (re-)exported” and, where appropriate, “number of animals dead on arrival”.

3. Where the forms referred to in Article 2(3) of Implementing Regulation (EU) No 792/2012 are used for more than one species, an annex shall be attached which, in addition to the information required under paragraph 1 of this Article, shall, for each species, reproduce boxes 8 to 18 of the form concerned.

4. Where the forms referred to in Article 2(5) of Implementing Regulation (EU) No 792/2012 are used for more than one species, an annex shall be attached which, in addition to the information required under paragraph 1 of this Article, shall, for each species, reproduce boxes 4 to 18 of the form concerned.;

(6) in Article 7, the following paragraph 5 is added:

‘5. Export permits and re-export certificates shall be endorsed, with quantity, signature and stamp, by an official from the export or re-export country, in the export endorsement block of the document. If the export document has not been endorsed at the time of export, the management authority of the importing country should liaise with the exporting country’s management authority, considering any extenuating circumstances or documents, to determine the acceptability of the document.;

(7) in Article 8(1), the first subparagraph is replaced by the following:

‘1. Documents shall be issued and used in accordance with the provisions and under the conditions laid down in this Regulation and in Regulation (EC) No 338/97, and in particular in Article 11(1) to (4) of the latter Regulation. Permits and certificates may be issued in paper format or in electronic format.;

(8) in Article 11(3), the first subparagraph is replaced by the following:

‘3. Certificates issued in accordance with Articles 48 and 63 shall be transaction-specific unless the specimens covered by such certificates are uniquely and permanently marked or, in the case of dead specimens which can not be marked, identified by other means.;

(9) in Article 15, paragraph 3a is replaced by the following:

‘3a. For personally owned live animals, which are legally acquired and held for personal non-commercial purposes, for which an import permit is issued pursuant to the second subparagraph of paragraph 2, commercial activities, as laid down in Article 8(1) of Regulation (EC) No 338/97, shall be prohibited for two years from the date of issuance of the permit and no exemptions for specimens of Annex A species, as provided for in Article 8(3) of that Regulation, shall be granted during that period.

In the case of import permits issued pursuant to the second subparagraph of paragraph 2 for those personally owned live animals and for specimens of species listed in Annex A to Regulation (EC) No 338/97 and referred to in Article 4(5)(b) thereof, the stipulation “by way of derogation to Article 8(3) or (5) of Regulation (EC) No 338/97, commercial activities, as laid down in Article 8(1) of that Regulation, shall be prohibited for at least two years from the date of issuance of this permit” shall be included in box 23.;

(10) in Article 30, paragraph 4 is replaced by the following:

‘4. In the case of specimens other than live animals, the management authority shall attach to the travelling exhibition certificate an inventory sheet displaying, in respect of each specimen, all the information required by boxes 8 to 18 of the model form set out in Annex III provided for in Implementing Regulation (EU) No 792/2012.;

(11) in Article 37, paragraph 1 is replaced by the following:

‘1. Member States may issue personal ownership certificates to the legal owner of legally acquired live animals, held for personal non-commercial purposes.;

(12) in Article 45(1), the second subparagraph is replaced by the following:

‘Management authorities receiving such documents shall without delay forward those issued by other Member States to the relevant management authorities, together with any supporting documents issued in accordance with the Convention. For reporting purposes, original import notifications shall also be forwarded to the management authorities of the country of import, when it is different from the country where the specimen was introduced into the Union.;

(13) in Article 52, paragraph 1 is replaced by the following:

‘1. The labels referred to in Article 2(6) of Implementing Regulation (EU) No 792/2012 shall be used only for the movement between duly registered scientists and scientific institutions of non-commercial loans, donations and exchanges of herbarium specimens, preserved, dried or embedded museum specimens and live plant material for scientific study.;

(14) Article 56 is amended as follows:

(a) in paragraph 1, point (b) is replaced by the following:

‘(b) the cultivated parental stock is established and maintained in accordance with the definition set out in Article 1(4a).;

(b) point (c) is deleted;

(c) point (d) is replaced by the following:

‘(d) in the case of grafted plants, both the root stock and the graft have been artificially propagated in accordance with points (a) and (b).;

(d) paragraph 2 is replaced by the following:

‘2. Timber and other parts or derivatives of trees taken from trees grown in monospecific plantations shall be considered to be artificially propagated in accordance with paragraph 1.;

(15) in Article 58, a new paragraph 3a is inserted:

‘3a. The re-export, by a person which is not normally residing in the Union, of personal or household effects acquired outside his/her State of usual residence, including personal hunting trophies, that are specimens of species listed in Annex A to Regulation (EC) No 338/97, shall require the presentation to customs of a re-export certificate.’;

(16) the following Article 58a is inserted:

‘Article 58a

Commercial use of personal and household effects within the Union

1. Commercial activities for specimens of species listed in Annex B which are introduced into the Union in accordance with Article 57 may be authorised by a management authority of a Member State only under the following conditions:

- (a) the applicant needs to demonstrate that the specimen has been introduced into the Union at least two years before it can be used for commercial purpose; and
- (b) the management authority of the Member State concerned has verified that the specimen in question could have been imported for commercial purposes in accordance with Article 4(2) of Regulation (EC) No 338/97 at the time when it was introduced into the Union.

Once those conditions are fulfilled, the management authority shall deliver a written statement attesting that the specimen can be used for commercial purposes.

2. Commercial activities for specimens of species listed in Annex A which are introduced into the Union in accordance with Article 57 shall be prohibited.’;

(17) in Article 59, the following paragraph 1a is inserted:

‘1a. The exemption for specimens referred to in Article 8(3) of Regulation (EC) No 338/97 shall be granted only if the applicant has satisfied the competent management authority that the specimens concerned have been acquired in accordance with the legislation in force for the conservation of wild fauna and flora.’;

(18) in Article 62, the following points (4) and (5) are added:

‘(4) dead specimens of *Crocodylia* species included in Annex A with source code D, provided that they are marked or identified via other means in accordance with this Regulation;

(5) caviar of *Acipenser brevirostrum* and its hybrids, with source code D, provided that it is contained in a container marked in accordance with this Regulation.’;

(19) in Article 63, the following paragraph 3 is added:

‘3. Pre-issued certificates shall only be valid once they have been completed and a copy of the certificate is transmitted to the issuing management authority by the applicant.’;

(20) in Article 65(4), the following sentence is added:

‘This does not apply to specimens of species listed in Annex X to this Regulation unless an annotation in Annex X prescribes marking.’;

(21) in Article 66(4), the third subparagraph is replaced with the following:

‘Specimen-specific certificates, travelling exhibition certificates and personal ownership certificates shall not be issued in respect of live specimens covered by this paragraph.’;

(22) in Article 72, paragraph 3 is replaced by the following:

‘3. Member States may continue to issue import and export permits, re-export certificates, travelling exhibition and personal ownership certificates in the forms laid out in Annexes I, III and IV, import notifications in the form laid out in Annex II and EU certificates in the form laid out in Annex V to Regulation (EC) No 865/2006 for one year after the entry into force of Implementing Regulation (EU) No 792/2012.’;

(23) Annex VIII is replaced by the text in the Annex to this Regulation;

(24) point 2 of Annex IX is amended as follows:

(a) the row corresponding to code R, is replaced by the following:

‘R Specimens of animals reared in a controlled environment, taken as eggs or juveniles from the wild, where they would otherwise have had a very low probability of surviving to adulthood’;

(b) the row corresponding to code D, is replaced by the following:

‘D Annex A animals bred in captivity for commercial purposes in operations included in the Register of the CITES Secretariat, in accordance with Resolution Conf. 12.10 (Rev. CoP15), and Annex A plants artificially propagated for commercial purposes in accordance with Chapter XIII of Regulation (EC) No 865/2006, as well as parts and derivatives thereof’;

(c) the row corresponding to code C, is replaced by the following:

‘C Animals bred in captivity in accordance with Chapter XIII of Regulation (EC) No 865/2006, as well as parts and derivatives thereof’.

Article 2

This Regulation shall enter into force on the twentieth day following that of its publication in the *Official Journal of the European Union*.

It shall apply from 27 September 2012.

This Regulation shall be binding in its entirety and directly applicable in all Member States.

Done at Brussels, 23 August 2012.

For the Commission
The President
José Manuel BARROSO

FLORA

The Plant-Book, second edition, (D. J. Mabberley, 1997, Cambridge University Press (reprinted with corrections 1998) (for the generic names of all plants listed in the Annexes of Regulation (EC) No 338/97, unless they are superseded by standard checklists adopted by the Conference of the Parties).

A Dictionary of Flowering Plants and Ferns, 8th edition, (J. C. Willis, revised by H. K. Airy Shaw, 1973, Cambridge University Press) (for generic synonyms not mentioned in *The Plant-Book*, unless they are superseded by standard checklists adopted by the Conference of the Parties as referenced in the remaining paragraphs below).

A World List of Cycads (D. W. Stevenson, R. Osborne and K. D. Hill, 1995; In: P. Vorster (Ed.), *Proceedings of the Third International Conference on Cycad Biology*, pp. 55-64, Cycad Society of South Africa, Stellenbosch) and its updates accepted by the Nomenclature Committee, as a guideline when making reference to names of species of *Cycadaceae*, *Stangeriaceae* & *Zamiaceae*.

CITES Bulb Checklist (A. P. Davis et al., 1999, compiled by the Royal Botanic Gardens, Kew, United Kingdom of Great Britain and Northern Ireland) and its updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Cyclamen* (*Primulaceae*) & *Galanthus* & *Sternbergia* (*Liliaceae*).

CITES Cactaceae Checklist, second edition, (1999, compiled by D. Hunt, Royal Botanic Gardens, Kew, United Kingdom of Great Britain and Northern Ireland) and its updates accepted by the Nomenclature Committee, as a guideline when making reference to names of species of *Cactaceae*.

CITES Carnivorous Plant Checklist, second edition, (B. von Arx et al., 2001, Royal Botanic Gardens, Kew, United Kingdom of Great Britain and Northern Ireland) and its updates accepted by the Nomenclature Committee, as a guideline when making reference to names of species of *Dionaea*, *Nepenthes* & *Sarracenia*.

CITES Aloe and Pachypodium Checklist (U. Eggli et al., 2001, compiled by Städtische Sukkulenten-Sammlung, Zurich, Switzerland, in collaboration with Royal Botanic Gardens, Kew, United Kingdom of Great Britain and Northern Ireland) and its update Lüthy, J.M. 2007. An update and Supplement to the *CITES Aloe & Pachypodium Checklist*. CITES Management Authority of Switzerland, Bern, Switzerland. (CITES website), accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Aloe* & *Pachypodium*.

World Checklist and Bibliography of Conifers (A. Farjon, 2001) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Taxus*.

CITES Orchid Checklist, (compiled by the Royal Botanic Gardens, Kew, United Kingdom of Great Britain and Northern Ireland) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Cattleya*, *Cypripedium*, *Laelia*, *Paphiopedilum*, *Phalaenopsis*, *Phragmipedium*, *Pleione* and *Sophranitis* (Volume 1, 1995); *Cymbidium*, *Dendrobium*, *Disa*, *Dracula* & *Encyclia* (Volume 2, 1997); & *Aerangis*, *Angraecum*, *Ascocentrum*, *Bletilla*, *Brassavola*, *Calanthe*, *Catasetum*, *Miltonia*, *Miltonioides* & *Miltoniopsis*, *Renanthera*, *Renantherella*, *Rhynchostylis*, *Rossioglossum*, *Vanda* & *Vandopsis* (Volume 3, 2001); & *Aerides*, *Coelogyne*, *Compactia* & *Masdevallia* (Volume 4, 2006).

The CITES Checklist of Succulent Euphorbia Taxa (Euphorbiaceae), Second edition (S. Carter and U. Eggli, 2003, published by the Federal Agency for Nature Conservation, Bonn, Germany) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *succulent euphorbias*.

Dicksonia species of the Americas (2003, compiled by Bonn Botanic Garden and the Federal Agency for Nature Conservation, Bonn, Germany) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Dicksonia*.

Plants of Southern Africa: an annotated checklist. Germishuizen, G. & Meyer N.L. (eds.) (2003). Strelitzia 14: 561. National Botanical Institute, Pretoria, South Africa and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Hoodia*.

Lista de especies, nomenclatura y distribución en el género Guaiacum. Davila Aranda & Schippmann, U. (2006): - Medicinal Plant Conservation 12: #-#.' (CITES Website) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Guaiacum*.

CITES checklist for Bulbophyllum and allied taxa (Orchidaceae). Sieder, A., Rainer, H., Kiehn, M. (2007): Address of the authors: Department of Biogeography and Botanical Garden of the University of Vienna; Rennweg 14, A-1030 Vienna (Austria). (CITES Website) and the updates accepted by the Nomenclature Committee, as a guideline when making reference to the names of species of *Bulbophyllum*.

The Checklist of CITES species (2005, 2007 and its updates) published by UNEP — WCMC may be used as an informal overview of the scientific names that were adopted by the Conference of the Parties for the animal species that are listed in the Annexes to Regulation (EC) No 338/97, and as an informal summary of information contained in the standard references that were adopted for CITES nomenclature.'
